CTI's Reflective Finish provides you with the ability to have the look of custom marble or granite surfaces in a fraction of the time and expense. The Reflective Finish offers a tough, durable finish and can be applied directly over such surfaces as laminate and concrete.

Marble, granite or a look that is uniquely yours is all available with CTI's Reflective Finish. An extensive array of color combinations is available to meet the needs of any home or business owner. The Reflective Finish can be applied to counters and floors to provide a beautiful, custom made look to your home. The anti-microbial finish helps prevent bacteria, stands up to almost all household cleaners, and resists normal wear and tear. Best of all, the Reflective Finish is stronger than marble or granite countertops, resists chipping and is waterproof.

The Reflective Finish can be used for:

- Kitchen counters
- Bathroom counters
- Bar tops
- Kitchen floors
- Dining room floors
- Foyers
- Basement floors
- Any place a rich, luxurious look is needed.

PHYSICAL DATA

Pencil Hardness ASTM D 3383, 7 day cure @ 77 F: 4H

Abrasion Resistance: Excellent

Permeability Resistance: Excellent

Flexibility, ASTM 522-93A, 1/8 inch Mandrel bend: Pass

Tensile Strength, psi: 3630

Elongation, %: 7%

RATING

1. Short term immersion or exposure (72 hours).
2. Occasional splash, spill or fumes.
3. Not recommended.

Colors are matched as closely as possible to our standards. Colors may be affected by age, light and texture. The color selector is designed to assist you in making your selection from CTI's Acrylistain System colors. CTI's Acrylistain System colors are measured by weight (not volume) and are designed to be mixed with water as the vehicle to dispense the pigments. Colors will vary slightly to dramatically based on application, substrate, temperature and humidity. To ensure proper color, the entire contents of CTI's Acrylistain System should be used. Be sure to thoroughly read all application data. Due to reproduction limitations, it is necessary to reserve the right to allow for reasonable variations of application. Printed colors show approximate colors with the effect of certain texture and sealer alteration along with finishing technique.
